

August Summer Specials 2010

There are 3 opportunities this year to get some Tick Tock action and at last year's prices. Hurray!

As always you do need to get booking to avoid disappointment.

I often get asked about the age limit for the Summer Sessions as I know some of you have slightly older children too. We don't have a specific limit as I think all children are different in their enjoyment of these sorts of activities but I would probably say around 6 years old.
